

OPEN POSITION APPLY AS MEMBER OF THE RESEARCH TEAM OIKOS SOLAR

oikos
— — —

Since its founding in 1987, oikos St. Gallen has led many initiatives for positive change at the University of St. Gallen, engaging in both the business and academic sectors. oikos Solar is dedicated to promoting solar energy across Switzerland, working closely with a broad network in politics, business, and academia to drive forward the energy transition. The project is structured into six key teams: R&D, Project Evaluation, Business Development & Consulting, Marketing & Events, Finance, and IT & Data Insights. As a member of the R&D team, you will help uncover new insights for the energy transition, analyzing trends, developing ideas, and sharing knowledge to shape the future of solar in Switzerland.

YOUR RESPONSIBILITIES AS TEAM MEMBER

- Collecting and analyzing data from various sources (policy, market, technology, social acceptance, etc.)
- Conducting literature reviews and benchmarking best practices from Switzerland and abroad
- Designing surveys, interviews, or data collection tools to gather primary insights
- Help writing research and white papers to inform strategy, partners, and the public
- Commitment: 4h-10h/week, all year round

WHAT DO WE OFFER?

- Hands-on experience in applied research and make a visible impact on the Swiss energy transition
- Skill development in data analysis, critical thinking, and scientific communication
- Teamwork with committed students in the field of sustainability and business
- A meaningful and challenging job alongside your studies
- Possibility of receiving academic credits starting AS25 and work certificate
