

Student consultancy for renewable energy at HSG

OPEN POSITION

Consulting Team Member

Consulting

6–10h/week · Campus Credits possible

Since 1987, oikos St. Gallen has driven initiatives for positive change at the University of St. Gallen, bridging business and academia. oikos Solar is its student consultancy for renewable energy: we support startups, companies and public institutions in Switzerland with hands-on consulting projects that move the energy transition forward. Our team is organised in four departments: Consulting, Partnerships, Marketing & Events and Finance.

As a member of the Consulting team, you work in a project team for startups, companies and public clients. You structure the client's question, do the research and interviews, and develop recommendations the client can actually act on. Partnerships, Marketing & Events and Finance support you along the way.

YOUR RESPONSIBILITIES

- Structure the client's question and plan the project together with your team
- Conduct research and analysis on markets, technologies, customers and competitors
- Run interviews with clients, experts and stakeholders
- Develop business models and translate insights into actionable recommendations
- Prepare presentations and reports and present results to the client

WHAT WE OFFER

- Real consulting projects with real clients in the Swiss energy sector
- Skills in structuring problems, research, analysis and client communication
- Insight into how the energy transition works in practice: solar, energy communities, public institutions
- A motivated, like-minded team and mentoring from experienced members
- Optional Campus Credits

Sounds like you?
