

## OPEN POSITION

# APPLY AS MEMBER OF THE IT TEAM OIKOS SOLAR

Since its founding in 1987, oikos St. Gallen has led many initiatives for positive change at the University of St. Gallen, engaging in both the business and academic sectors. oikos Solar is dedicated to promoting solar energy across Switzerland, working closely with a vast network across politics and industry to raise funds and establish photovoltaic installations. The project is structured into six key departments: Finance, Customer Acquisition, Solar Panel Management, Marketing, Legal, and IT. As a member of the IT team, your role is to work in close collaboration with both project management and the marketing department, focusing on developing and maintaining the necessary infrastructure for the organization's growth. This involves supporting the Finance, Customer Acquisition, and Solar Panel Management departments with advanced IT solutions to meet their operational and strategic needs.
